**Attorney Certification RE: Operating Agreement for Shared Prosperity Group, LLC**

To Whom It May Concern:

Pact Legal has drafted an Operating Agreement for Shared Prosperity Group, LLC that establishes an irrevocable charitable giving commitment. Specifically, the Operating Agreement commits the Company to donate no less than ten percent (10%) of gross revenue on a monthly basis to qualified 501(c)(3) organizations.

The Operating Agreement designates this charitable commitment as "irrevocable" and "fundamental," and includes provisions that: (i) prohibit amendments that would reduce, eliminate, postpone, or dilute the commitment; (ii) allow amendments only to increase or strengthen the commitment; (iii) establish the commitment as a priority obligation superior to member distributions; and (iv) require that the commitment survive any merger, conversion, restructuring, or admission of new members.

The irrevocability of the charitable giving commitment is subject to applicable law and general principles of contract law.

Sincerely,

Patrick Cramer, Esq.
